REMARKS

The Examiner requested that Applicants restrict the application to one of the inventions recited in claims 18-25. The Applicants disagree with the Examiner's basis for restriction. Rather than electing a species identified by the Examiner, however, the Applicants have amended claim 18 to be the generic claim, and claims 19-25 have been amended to depend therefrom. The non-generic subject matter of claim 18 has been deleted therefrom and redrafted as new claim 26, dependent from claim 18. Thus, the pending claims now comprise generic independent claim 18 and claims 19-26 dependent therefrom.

CONCLUSION

In view of the foregoing amendments and remarks, the Applicants believe all of the claims currently pending in the Application to be in a condition for allowance. The Applicants, therefore, respectfully request that the Examiner withdraw all rejections and issue a Notice of Allowance for claims 18-26.

The Applicants request a telephonic interview if the Examiner has any questions or requires any additional information that would further or expedite the prosecution of the Application.
